Foundational Ecclesiastical Authority Declarations

1. Ecclesiastical Mandate of Governance

By divine right and eternal authority, the undersigned declares this Private Ecclesiastical Trust to be sovereign, sacred, and governed by the natural laws of the Creator.

No civil, commercial, or statutory body holds dominion over this jurisdiction, nor may any foreign entity impose its codes, acts, ordinances, or statutes upon its estate.

This governance is established not by consent of governed but by divine ordination, and all trustees, executors, and beneficiaries recognize only the Creator as ultimate sovereign.

2. Ecclesiastical Seal Registration Declaration

The seal affixed to this trust represents the living authority of the divine covenant under which this trust is constituted.

It is not symbolic; it is jurisdictional. It authenticates the authority, declarations, mandates, and protections expressed within this body.

Any mark, stamp, or emblem not explicitly authorized within this trust holds no legal or spiritual power over it.

3. Writ of Divine Custody

All property, rights, and effects bound to this trust, whether tangible or intangible, are hereby placed under divine protection.

They are inalienable, non-transferable without consent of the trustee, and immune from seizure, taxation, or lien by foreign jurisdictions.

Any attempt to confiscate, enforce against, or otherwise convert property under this trust constitutes a trespass against the divine estate and will be met with lawful rebuke.

Sealed and witnessed under ecclesiastical private trust authority.
